

In the Assessing and reflecting section of the sessions, there is a chance for pupils to reflect on their learning using the Learning Log (photocopiable master 1). These prompts can be used with the log to build up a record of pupils' achievements.

Knowledge / skills

- What do you know now, that you did not know at the start of the session?
- What skills have you used during this session?
- Draw a picture showing what you have learned today.
- Create a mind-map showing what we have learned today.

Emotional

- How has today's session made you feel?
- What difficulties have you encountered today? How have you dealt with them?
- Pick one good thing you have done today. Identify why it was good and how it helped you.

Connections

- How does today's session connect to our previous areas of study?
- How might you combine today's learning with something else you already know?

Using the learning in practice

- How might you use your learning from today's session in the future?
- Who might use what we have learned today in their daily lives?

Re-teaching / metacognition

- If you were going to teach this session to someone else, what would you identify as the key things they would need to know?
- Swap your work with a partner and assess it: What have they done well? How might they improve?
- Write a text message explaining what you have learned this session.
- Write a possible exam question based on today's learning. Swap books with a partner and attempt their question.

Learning journey

- Based on what we have learned today, what do you think we should study next? Why?
- What strengths have you shown in today's session? What areas for improvement can you find?
- Write down any questions you still have about the topic, which you do not feel have been answered yet.
